OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 11 July 1962

25X1 1. [] Met again with Senator Homer Capehart
25X1 and delivered to him a paper prepared by SR Division containing suggested
points for [] to make in their letter campaign to 25X1

who had expressed an interest in talking with us about exchange of information
programs and Soviet space and science activities. Mr. Teague feels that

some indication of sharing scientific data which it has acquired. I told
Mr. Teague that the Agency did not participate in policy decisions in areas
such as this and we then proceeded to have a pleasant talk. (See Memo for
the Record for Details)

25X1 3. [] Picked up from the Senate Preparedness
Investigating Subcommittee staff a film on CBS's interview with Titov and
returned it to OCR/Graphics.

25X1 4. [] Delivered to Senator James O. Eastland a
sterile letter thanking him for his assistance in introducing and obtaining
Senate passage of a [] 25X1
